

SUMMARY

Experienced Full Stack Developer with a fervent drive for crafting pristine and efficient code, coupled with the art of designing accessible and user-friendly interfaces. Enthralled by the collaborative synergy of pair-programming and adept at seamlessly adapting to dynamic remote work environments. Showcases a natural acumen for swiftly mastering novel programming languages and technologies. Proficiently leverages a diverse array of tech tools and frameworks, exemplified by expertise in Ruby, React, and JavaScript, to engineer innovative and forward-looking solutions.

SKILLS

Front-End: JavaScript, React, Redux, HTML5, CSS3, Tailwind CSS, Bootstrap

Back-End: Ruby, Rails

Databases: SQL, PostgreSQL

Tools & Methods: Git, GitHub, Heroku, Netlify, Mobile/Responsive Development, TDD, Chrome Dev Tools

Professional: Remote Pair-Programming, Teamwork, Mentoring, Collaboration, Communication and remote work.

EXPERIENCE

HIGHLIGHTED PERSONAL PROJECTS

Full-Stack Web Developer Remote
November 2022 – Present

Doctors Appointments- Contributed to the development of a responsive React frontend application, enabling seamless doctor appointment bookings. Improved user engagement by implementing user-friendly sign-up and login forms, resulting in a 20% increase in user sign-ups.

- Built with: (Tailwind CSS, React, Redux, Ruby on Rails) Live Link: [Here](#) Source Link: [Here](#)

Budget manager - Built a user-friendly web app using Bootstrap, CSS3, React, Redux, and Ruby on Rails, empowering users to categorize and manage transactions effortlessly. Enhanced financial organization, leading to a 25% reduction in overspending.

- Built with: (Bootstrap, CSS3, React, Redux, Ruby on Rails) Live Link: [Here](#) Source Link: [Here](#)

The Tech-Gaa Hub

Full-Stack Developer Intern City, Country
January 2023 – Present

- Spearheaded the design, development, and maintenance of web applications, elevating user experience and organizational performance.
- Collaborated closely with volunteers, project managers, and community members to deliver impactful solutions, fostering positive community change.

Kanga Feeds Limited
Managing Director

Onsite
Jan 2020 – Jan 2022

- Oversaw all financial operations, implementing efficient accounting systems that ensured accurate financial records, resulting in an audit compliance score of 95%.
- Demonstrated strong leadership, mentoring the accounts team to achieve a 20% increase in productivity and streamline processes.

EDUCATION

MICROVERSE

November 2023 – Present

Remote Full Stack Web Development Program, Full Time

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Held daily standups to communicate with international remote developers and stay on track with project goals.
- Used industry-standard gitflow to manage code changes and releases.
- Contributed to multiple open-source projects ranging from COVID trackers and Ip Address Trackers.
- Led the creation of a kanban-style activity tracker designed to simplify project management

DEDAN KIMATHI UNIVERSITY

September 2014 – April 2018

Degree, Bachelor of Science in Actuarial Science

- Completed a range of coursework that provided me with a strong foundation in actuarial science, statistics, and finance.
